

New! CE-Approved Child Passenger Safety Training Available to Head Start Centers. Book Now!

SafetyBeltSafe U.S.A. is pleased to announce the webinar-based session: Why and How Head Start Programs Should Integrate Child Passenger Safety

For \$50, Head Start facilities are entitled to invite up to 50 employees to view the pre-recorded webinar, either individually or in a group session. Additional attendees after 50 cost an additional \$1 per person.

Pre- and post-quiz results can be shared with managers for record-keeping.

**If employees need CEs, T/TAS at Western Kentucky University Research Foundation has agreed to award .1 CE for \$25 each.*

SafetyBeltSafe U.S.A.

Through this webinar, staff will learn:

- Why car crashes cause death and injury to children.
- How deaths and injuries can be prevented.
- What the childcare sector can do to help families protect the children in their care.
