Child Passenger Safety Resources and Technical Materials

IF YOUR PROGRAM INCLUDES . . .

- √ Safety seat checkups
- √ Safety seat loan or low-cost purchase programs
- √ Law enforcement checkpoints for child restraint use
- √ Teaching parents how to use car seats correctly

. . . YOU NEED THESE TOOLS:

Protect your program from liability by using accurate, up-to-date materials. Don't take a chance with a child's life!

PLEASE REFER TO THE CHART ON THE ORDER FORM FOR SHIPPING CHARGES.

The Child Passenger Safety Reference Manual

Part 1: Reference and Teaching Guide. This guide, used in the eight-hour SafetyBeltSafe Educator Workshop, contains curricula for health professionals, statistics, information on laws and regulations, sample speech outlines, resource lists, up-to-date technical information, and guides for safety seat distribution program development, special needs transport, and early childhood programs. **Part 2: DVD with Child Restraint Manufacturers' Instructions and Summaries** (see next item for details). Order #45-49. \$50 + shipping/handling (see chart on order form).

Child Restraint Manufacturers' Instructions with Summaries (#450) Compilation of complete manufacturers' instructions for child restraints for the past 10 years with summary sheets developed by SafetyBeltSafe U.S.A. Summaries for each seat include revised recommendations from manufacturers, minimum and maximum weights, first and last dates made, harness threading and belt path diagrams, and identifying photos. Order #450DVD. Single copy of DVD, \$20; \$15 each for 100-249; \$12 each for 250-499; \$10 each for 500 or more; shipping included for all DVDs OR order #450OL, a 1-year personal subscription online to the instructions and summaries with updates: \$25; \$20 each for 100-249; \$17 each for 250-499; \$15 each for 500 or more.

Color Pictorial Guide to Safety Seats

This collection of color photos makes it easier to identify safety seats and boosters inspected at events when model names are missing. The model name is essential to find the correct instructions and check the recall list. Order #50p. Order printouts at \$50 each + shipping/handling (see chart on order form).

Color Pictorial Subscription. Download the PDF and print a specified number of copies. Print 1-9 for \$30 each; 10-19 for \$25 each; 20-49 for \$20 each; \$1000 for unlimited copies for one year (to be printed and distributed by your agency only). Order #50s (subscription) and specify quantity.

List of Recalls and Replacement Parts for Child Restraints

Revised every time there is a new recall, the SafetyBeltSafe U.S.A. list is the most comprehensive recall list available. In addition to official recalls, it includes information about other replacement parts provided voluntarily by manufacturers. Safety seats without a recall also are listed, which prevents the dangerous error of assuming there is no recall if the correct name of the seat is not recognized. Order #179. \$10 for reproducible master, shipping/handling included, or subscribe to the Recall Update Service (see below).

Subscriptions Recommended for CPS Technicians, Instructors, and Program Managers

Check appropriate boxes on order form. Subscriptions are based on a calendar year (the following year is included if paid October 1 or later). TEACHER'S GUIDE: A POSITIVE APPROACH TO TEACHING PASSENGER SAFETY TO YOUNG CHILDREN (Bucklebear) by Dillman, Leonard, and Chang (6th Edition). This guide presents a comprehensive program for teaching passenger safety to nursery school age children (3 to 5 years) and to their parents. The program was developed at UCLA with an innovative grant from National Highway Traffic Safety Administration. Restraint use doubled at schools participating in the pilot program, and the curriculum was received enthusiastically by children, parents, teachers, and administrators. Described activities can be adapted easily to existing materials. The Guide also can be used with "Riding with Bucklebear" materials by Weiner/Seaman Productions. Order #86. \$15 for loose pages or \$18 with binder + shipping/handling (see chart on order form).

RIDE SAFE FROM THE START: An online education program, in English or Spanish, for first-time expectant parents. Seats inspected in the pilot program had fewer usage errors than a control group. Includes crash footage to emphasize risks, how to choose and use a safety seat for baby, how to buckle up when pregnant, in-car safety belt exercise, and basic information for older children. Program has 11 modules with short tests; 85% success required to proceed. Participating agencies are advised to "assign" families to use program during 6th-8th months. May be completed in several sittings. To license for use by your agency: \$50/annual fee plus \$50 renewable advance payment to cover \$1 fee for each user-family.
